The Enfield High School Students have moved into the Fermi Wing!

DECEMBER 2015

IN THIS ISSUE

Fermi Wing Opens

During the extended Thanksgiving Break, all classes moved to the Enrico Fermi Wing. This was the first major milestone of the High School renovation project, and overall the transition into the Fermi Wing was a success. As with any moves of this size into a new building, there are items that need to be worked out, and there is a process in place for teachers and staff to report issues.

The renovated cafeteria also opened to students. Currently, there is no hot lunch at this time, as Nutrition Services will determine when the Hot Lunch program can begin.

Gymnasium and Locker Rooms

The renovations of the gymnasium and both the boys' and girls' locker rooms began in June 2015. They will remain unavailable until early April, 2016. At that time they will be reopened for use.

D Wing

All classes in the D Wing have been moved to their temporary location in the Fermi Wing and lower level cafeteria wing during Thanksgiving Break. The demolition of the D Wing is scheduled to take place in December, 2015. During the week of December 7th, the Police Dept. and Fire Department will be using D-Wing for some training exercises, after school hours.

A Wing/ Front Lobby

The A-Wing is now officially closed to the students, and renovations have begun. The students will be utilizing an outdoor, covered and lighted 'tunnel' to take them from the Fermi Wing, to the Cafeteria.. The renovations of the A wing, Main Office and the new lobby is currently scheduled to be completed with the start of 2016-2017 School Year.

Picture to the right is a view from a classroom in the Fermi Wing, and you can see the 'tunnel'

Cafeteria Renovation

The cafeteria renovation is complete! The students are now able to have their lunch in the new cafeteria. Nutrition Services will determine when the cafeteria will begin serving hot lunch.

Music Addition / Auditorium Renovation

The construction of the music addition which will house the band and music programs has begun.. Renovations to the auditorium will start in January, 2016. The new Band wing and the auditorium renovations are currently scheduled to be completed in February, 2017.

Pictured above is the cafeteria – this is part of the new addition to the cafeteria.
