

TOWN OF ENFIELD

NOTICE

February 11, 2020

South River Street Bridge Temporary Closure for Ground Investigation

This notice has been sent to inform you that South River Street Bridge over Freshwater Brook will be closed to daytime traffic between the hours of 8:00 a.m. and 4:00 p.m. from February 24 to February 26, 2020. A soil boring rig will be taking samples on each side of the bridge for design purposes. The Town has coordinated with all emergency services (Police, Fire, Ambulance) and they will be following the same emergency plans used the last time the bridge was closed for emergency repairs. Refuse and Recycling pick-up schedule will not be changed but the Town does request your barrels be at the roadside by 6:00 a.m. on collection day, as the pick-up will be made before the 8:00 a.m. bridge closure time.

The Town understands the inconvenience caused by closing the bridge and appreciate your patience. This work is necessary for design of the new bridge.

The bridge replacement project is receiving federal funds under the Local Bridge Program administered by the Connecticut Department of Transportation. Construction is currently scheduled for 2022.

If you have any questions about the project, please contact the Engineering Office at 860-253-6366.

A soil boring rig will be taking samples on each side of the bridge for design purposes. The Town has coordinated with all emergency services (Police, Fire, Ambulance) and they will be following the same emergency plans used the last time the bridge was closed for emergency repairs. Refuse and Recycling pick-up schedule will not be changed but the Town does request your barrels be at the roadside by 6:00 a.m. on collection day, as the pick-up will be made before the 8:00 a.m. bridge closure time.

The Town understands the inconvenience caused by closing the bridge and appreciate your patience. This work is necessary for design of the new bridge.

The bridge replacement project is receiving federal funds under the Local Bridge Program administered by the Connecticut Department of Transportation. Construction is currently scheduled for 2022.

If you have any questions about the project, please contact the Engineering Office at 860-253-6366.
