

March Seminars

How the Eye Works

Wednesday, March 4, 1:00pm

Presented by: Andrew J. Epstein M.D. Northern Connecticut Eye Associates, LLC.

Dr. Epstein will lead a lively discussion on how the eye works as well as information on near-sightedness, far-sightedness, astigmatism, macular degeneration, glaucoma, cataracts, and diabetic retinopathy.

What your Public Library can do for You

Wednesday, March 18, 1:00pm

Presented by: Samantha Lee, MLS Head of Reference Services at The Enfield Public Library

We all know the library is a great place to check out free books, but it offers patrons so much more than just something to read. For anyone on a budget, the perks and services available at the public library can be a lifesaver. Here's a look at what you can find at your local library, plus how this amazing resource came to be.

Ellis Island and the Statue of Liberty

Wednesday, March 25, 1:00pm

Presented by: Joe the History Guy

Gateway to America filled with dreams of a better way of life for millions who only wanted little more than an opportunity to escape starvation, tyranny and despair in their homeland. This story is about all of us today and well worth a look back to our own ancestors making that frightening and unforgettable journey to America. Join us in this special tribute to a priceless landmark.
