PROGRAM INFORMATION & DATA:

The Building Inspection Division is responsible for the public safety, health and welfare in the built environment through evaluation of structural strength, adequate means of egress facilities, sanitary equipment, light and ventilation and fire safety. The division performs plan reviews for construction of homes, buildings and other structures to insure compliance with the Connecticut General Statutes and the Connecticut State Building Code. Compliance inspections are done during and at the completion of construction. In general, the Division of Building Inspection strives to secure safety to life and property from all hazards incident to the design, erection, repair, removal, demolition or occupancy of buildings, structures or premises.

DEPARTMENT GOALS:

Keep improving the quality of service to the regulated public while performing large or complex plan reviews for commercial projects that are anticipated for the next fiscal year.

Update our permanent records storage means and capabilities.

Improve the quality of life for the people of Enfield by advancing public health and safety through effective building code enforcement.
