

## Green Manor South - Road Reconstruction Project Update

Date: February 1, 2017

To: Northfield Road Residents

Last November, the Town informed you that the unforeseen conflict with Eversource's underground electric power line was still unresolved and was preventing us from completing the drainage work planned on Northfield Road.

Since then, the Town and Eversource have resolved the issue. Eversource has agreed to relocate its secondary power line in order to accommodate the Town's new drainage line and the work has begun.

Therefore, the reconstruction of Northfield Road will re-start in the spring of 2017 and is scheduled to be completed by August 2017.

The Town understands that this reconstruction project has caused inconvenience for the residents of Northfield Road. The Town appreciates your patience and apologizes for this inconvenience. Thank you again for your cooperation. If you have any questions or concerns regarding this project or notice, please call J.P Rodriguez, Roads Engineer, at 860-763-7095 or contact him via email at [jrodriguez@enfield.org](mailto:jrodriguez@enfield.org).
