

Summary:

Allow a one-story storage garage to be located 10-feet from property fence in back yard where 65-feet is required and allow a geo grid gravel road 9.5-feet wide (as a continuation to current gravel road) that is within 100-feet of wetland area. The storage garage will be used to store a boat and jet ski so they will no longer be viewed from the main road. The road will be used to transfer the boat and jet ski when needed. Will be submitting a separate building permit for storage garage.
