

Touch of Class Auto Detailing  
51 Enfield St. Enfield, CT. 06082  
Best Management Practices

- Store regulated chemical substances on an impervious surface. Chemicals will be stored on secured shelves.
- Chemicals will be stored in areas against unauthorized entry.
- Regulated containers will be labelled clearly and visibly.
  
- Place drip pans under spigots, valves, and pumps.
- Have spill control and containment equipment readily available in all work areas
- First aid supplies, emergency phone numbers, eyewash, fire extinguishers, spill cleanup supplies and personal protective equipment should be readily available and personnel trained in their use. Refer to Materials Management plans.
  
- Use funnels and drip pans when transferring regulated substances; perform transfers over impervious surface.
- Post information on what to do in the event of a spill.
- Floor Drains and Work Sinks Cannot discharge into or onto the ground.
  
- For More Information, contact the Department of Energy and Environmental Protection (DEEP), toll free 1-866-DEPSPIL (1-866-337-7745), 24 hours/day.
